PROFILE

An experienced journalist with experience of working in various sectors with an affinity towards technology journalism. Skilled in content creation with a particular focus on the online audience. Adept at researching new topics, engaging audiences and bringing forth a love of writing.

EMPLOYMENT HISTORY

Nov 2018 — May 2020

Editor & Writer , The Envoy Web

London/ New Delhi

As an editor and a regular contributor, I was responsible for paying attention to written copies and making sure they were apt for the website. As a contributor, I researched and curated over a hundred articles on various topics including but not limited to breaking news, reviews, reveals and many more. As the website got larger I managed an intern and acquainted him with the organisation and its workings.

Jul 2019 — Oct 2019

Freelance Journalist - Remote , Porter Medium

New York

- Researched and output pieces on various topics.
- Conducted research and monitored audiences for special features.
- Engaged with blog visitors via comments and emails.

INTERNSHIPS

Jul 2016 — Sep 2018

Technology Journalist, GadgetAdda

- Utilised excellent communication and writing skills to develop topical and interesting stories.
- Collaborated with other department teams to identify useful content ideas and map out strategies.
- Helped increase website's popularity through the implementation of SEO.
- Reviewed various products and services.

EDUCATION

2018 — 2019

M.A Multimedia Journalism (Print & Online), University of Westminster, London

2015 — 2018

Bachelor in Journalism and Mass Communication, Amity School of Communication, India

PROJECTS

Jan 2019 — Sep 2019

Immersion in News

London

As part of my Postgraduate degree, I researched, wrote and produced a themed series of articles based on journalism's relationship with contemporary immersive technologies like Virtual and Augmented Reality. The project was successful with the pieces registering various hits over the website.
